(323) 898-8364

CAREER GOAL

I am an entrepreneurial filmmaker and storyteller who loves being a major player in bringing great ideas to life on screen, television, and new media. My greatest talent is working with gifted writers and producers, taking their visions to the next level, and readying them for production. I see myself as an asset to production companies that need one person who is both creative and business minded.

EDUCATION

Wells College, Aurora, New York
Major: Economics with Concentration in Management
